May 2018

1. Introduction:

This user manual describes how to use the software for an appointment calendar for a dental office. The product is networked, and all data is persisted using a database. Using this product, a patient can view the appointment calendar of the dentistry and their own personal appointments.

2. Getting Started

Upon entering the FAMM Dentistry website, a user can login with a proper login ID and password. If you do not have a login ID and password, it means that you have yet to visit a FAMM Dentistry Location. After having done so, you will be officially registered there, and given your login ID and password. The login page for the website is shown below:

Upon login, the user will be taken to the Appointment Calendar or admin component of the website.

3. Appointment Calendar

The appointment calendar displays the current month and any user appointments below. The user can also click on a specific date if they have an appointment to view the specific details of the appointment. The user can also

click through the months up to a year in advance. If the user has no current appointments, nothing will be shown except for the calendar itself. For each current appointment that the user has, the date of the appointment, the time of the appointment, the type of the appointment, and the employee that the appointment is scheduled with will all be shown for the users convenience. An image of what a user might see when viewing the appointment calendar is shown below:

Greetings Gorest Fump

REQUEST APPOINTMENT LOGOUT

The screenshot displays a web interface for an appointment system. At the top left, it says "Greetings Gorest Fump". On the top right, there are two buttons: "REQUEST APPOINTMENT" and "LOGOUT". Below this is a calendar for May 2018. The calendar has a header with navigation arrows and the month/year. The days of the week are listed as Su, Mo, Tu, We, Th, Fr, Sa. The dates are arranged in a grid, with the 16th of May highlighted in blue. Below the calendar is a table with appointment data.

Date	Patient	Employee	Type	Time	Requested To Cancel	Requested Appointment
2018-05-16	Gorest Fump	Dan Johnson	Tooth Extraction	9:00 AM	No	No
2018-05-16	Gorest Fump	Mary Riley	Cleaning	10:00 AM	No	No

To logout and return to the login page of the website, a user can click the "logout" icon, which is at the top right corner of the webpage. This will then return the user to the login page. Users can also request to cancel an appointment if they click on the green colored "No" or the row the holds the appointment data. Patients can request appointments by clicking on the button in the right hand

corner labeled “Request Appointment.” They can choose their date, time, and type of appointment.

Request Appointment

Choose an Appointment Time:
7:00AM

Choose an Appointment Date:
mm/dd/yyyy

Choose an Appointment Type:
Cleaning

REQUEST APPOINTMENT
CANCEL

4. Admin View

Admins can create new users, create appointments, and disable/delete users by using the toolbar in the upper top of the page. The refresh button forces a refresh of any appointments made or requested recently.

Search Users

Name	Employee	Date	Time	Type	Requested to Cancel?	Requested Appointment
Gorest Fump	Dan Johnson	2018-05-16	9:00 AM	Tooth Extraction	YES	NO
Annie Anderson	Dan Johnson	2018-05-16	7:00 AM	Tooth Implant	NO	NO
Gorest Fump	Mary Riley	2018-05-16	10:00 AM	Cleaning	NO	NO
Annie Anderson	Dan Johnson	2018-05-18	8:30 AM	Tooth Extraction	NO	NO
Annie Anderson	Mary Riley	2018-05-09	9:00 AM	Cleaning	NO	NO
Annie Anderson	Dan Johnson	2018-05-16	8:30 AM	Root Canal	NO	NO
asdf asdf23f	Mary Riley	2018-05-24	8:00 AM	Cleaning	NO	NO
Gorest Fump	Requested Appointment	2018-05-24	8:00 AM	Cleaning	NO	YES

Admins can accept requested appointments by updating the appointment with the appropriate data filled or cancel the appointment if it was requested. If an admin wants to cancel updating or creating an appointment a convenient close button is available. The modal is the same creating users, except with the absence of the cancel button.

Update Appointment

Choose an Appointment Time:
8:30AM

Choose an Appointment Date:
05/15/2018

Choose an Appointment Type:
Tooth Extraction

Choose an Employee:
Dan Johnson

UPDATE APPOINTMENT

CANCEL APPOINTMENT

CLOSE

Admins can disable any user (but themselves), by clicking on the “USERS” tab at the top of the page when they are on their home screen. All an admin has to do is click on a user they wish to disable from logging in.
